

6 Sept	Room: ARISTOTLE				
8:30	Registration: Conference Center of CIHEAM-MAICh				
9:30	Introductory session, Key-Note Speakers, Chair: Mattas Konstadinos, Welcoming address: Baourakis George, Director CIHEAM-MAICh				
	Sustainability shaping strategic research – challenges for academic leaders and policy-makers, Prof. Jukka Kola				
	The sustainability challenge: restructuring the urban-rural continuum, Prof. Dr Gerhard Schiefer				
11:30	Coffee Break: Conference Atrium				
6 Sept	Room: PYTHAGORAS	Room: SOCRATES	Room: DEMOCRITUS	Room: THEOPHRASTUS	Room: ARISTOTLE
12:00	Session 1A	Session 1B	Session 1C	Session 1D	Session 1E
	Alternative food systems and the provision of eco-system services, Chair: Bavorova Miroslava	Sustainable short food supply chains Chair: Majewski Edward	Provision of eco-system services through agriculture Chair: Nuppenau Ernst	Sustainability of food system procurement Chair: Tregear Angela	Consumer preferences towards animal products Chair: Afrini Filippo
	Hoffmann Heide, Urban Agriculture as new concept of Food Production - opportunities and limits	Gil José Maria , Consumers' Preference Towards short food supply chains. An analysis applied to honey in Mar del Plata –Argentina.	Mazzocchi Giampiero, Enhancing Ecosystem Services through peri-urban agriculture management: the case of the agricultural park of Casal del Marmo (Rome)	Amilien Virginie, Consumers' knowledge, confidence and valuation of Food Quality Schemes: A qualitative approach to the understanding of food sustainability through food practices in 40 European households	Menger Katharina, When Communication Aims Fail - The Dilemma of Endangered Livestock Breeds
	Niedermayr Andreas, Valuation of willingness to pay for public goods provided by agriculture in a semi-urban intensive agricultural production region: The case of the Marchfeld	Chmieliński Paweł, Tendencies in development of modern short food supply chains in Poland - a case of two bottom-up networks	Mulazzani Luca , Multifunctionality and ecosystem services in fisheries	Vittersø Gunnar, Short food supply chains (SFSCs) and sustainable food system development. Stakeholders' motivations for participation and their perceptions of drivers and barriers for development. Results from 12 European cases studies.	Profeta Adriano, Consumers' willingness-to-pay for local feed in local animal products Traversac Jean-Baptiste , Agrofood of the middle, is this a innovative form of sustainable food systems
	Di Fiore Gianluca, Theoretical frameworks for Urban Agriculture analysis: a literature review.	Ricci Elena Claire, Do sustainability goals impact vertical relations? A content analysis of the European Food sector GRI reports.	Nuppenau Ernst, Value Generation from Bio-Diversity as Public Good: Searching for a New Institutional Paradigm in Agrarian Value Chain Management	Schaller Lena, Targeted mechanisms for sustainability in agricultural and forestry production – results of the H2020 project PROVIDE	Traversac Jean-Baptiste , Agrofood of the middle, is this a innovative form of sustainable food systems
	Pražan Jaroslav, From elite driven to community based governance mechanisms for the delivery of public good from land management	Majewski Edward , Quantitative Approach to Sustainability of Short Food Supply Chains	Marongiu Sonia, The agricultural district of organic horticulture in Val di Gresta (Italy)	Sayed Maysara, The sustainability of alternative models of public sector food procurement: evidence from two school meals supply chains in the UK	Carayannis Elias, Social Business Model Innovation based on the Quadruple/Quintuple Helix Innovation System Framework
		Jouini Marwa, Valorising local dairy products and territorial development through the improvement of the value chain in Tunisia			Afrini Filippo, Asymmetric Price Transmission in Egg Price in Retail Market in Iran
13:30	Lunch (Restaurant Mediterranean)				
6 Sept	Room: PYTHAGORAS	Room: SOCRATES	Room: DEMOCRITUS	Room: THEOPHRASTUS	Room: ARISTOTLE
15:00	Session 2A	Session 2B	Session 2C	Session 2D	Session 2E
	The role of quality labels in EU Chair: Tsakiridou Efthimia	Consumer preferences and sustainable food choices Chair: Chrysochou Polymeros	Consumers trends towards food choices Chair: Filipovic Jelena	Drivers of consumer's food choices Chair: Vlotzos George	Agricultural Trade – Impacts of CAP REFORM Chair: Zopounidis Constantin
	Meyer Kathrin, The Perception of Food Quality Label. The Role of Information about Standards and Mental Shortcuts. Insights from Ethnographical Fieldwork	Ricci Elena Claire , How to make consumers more sustainable? An investigation on different food choice options	Gorton Matthew, What determines consumers' trust in the EU's organic label? A cross country comparison of the role of institutional trust and consumer knowledge	Karelakis Christos, Consumer Trends and Attitudes to Functional Foods	Staboulis Christos, Trade costs and productivity in the agricultural sector
	Arfini Filippo, Evaluating Socio-Economic Impacts of PDO on Rural Areas	Lorenz Bettina Anne-Sophie, The Acceptance of Guests for Sustainable Changes in Catering: Differences in Food Choice Preferences, Lunchtime Habits and Sustainable Attitude	Lauterbach Josephine, Communicating the benefits of heirloom varieties – insights into consumers' purchasing motives.	Bolatova Zhansaya, A Study on Consumption of Composite Flour and Bread in Global Perspective	Hedoui Mohamed Amine, Assessing agricultural trade integration among EU and Mediterranean countries: Countries signed under the Agadir Agreement
